Action Type	Color	Description																
waitlist	Blue	preliminary registration on the landing page by February 10th. User will receive 50 pre-points, which will be converted into points once they make a purchase (automatically distribution)																
purchase	Green	Company A buys distinction, pays in CHF, receives NFT + 10% points. Company B receives NFT + 10% points. 10% to PARTNERS WEEK pool (30% total). (automatically distribution) For individuals, there is no point distribution—neither 10% for them, nor 10% for B, nor 10% for the Partners Week pool.																
receive	Teal	Company A buys distinction, pays in CHF, receives NFT + 10% points. Company B receives NFT + 10% points. 10% to PARTNERS WEEK pool (30% total). (automatically distribution) For individuals, there is no point distribution—neither 10% for them, nor 10% for B, nor 10% for the Partners Week pool.																
award	Purple	Admin award during event (manually distribution) There are no distribution rules; only the administrator can allocate points to the companies of their choice during the annual "Partners Week" event																
5	BR 05	Financial Rule	1 point = 1 CHF (fixed rate).The points are rounded up to the nearest whole number (e.g., 999 CHF = 1000 points). Points: positive integer-only. Fractional points are not supported. Round up to the next whole point (step = 10) for transparency and fairness. step = 10 999 1000 19 20 Points round up rules: [1] apply the 1 CHF = 1 point conversion, but the prices must be changed according to what wrote in the message. In other words, CHF 19 = 20, 499 = 500, 999 = 1000, 2500, 3999 = 4000, 7999 = 8000, 15999 = 16000, 35000 Keep the points unchanged, no round up if points' last digit are = {1,2,3,4,5,6,7,8}, only round up with the last digit is 9 [2] If the point is decimal, Round to the nearest, for e.g: 2.5, 2.6, 2.7, 2.8, 2.9 (>=0.5) rounded to the nearest integer is 3. 2.1, 2.2, 2.3, 2.4 (<0.5) rounded to the nearest integer is 2.															
6	BR 06	NFT	NFT Activities - Purchase: System mint NFT from the contract address when User purchase NFT Distinction - Receive: System mint NFT from the contract address when User receive NFT Distinction (from another user buys and give) - Transfer: User transfer owned NFT in custodial wallet to non-custodial wallet - NFT Distinctions: non-sellable, transferable 1x to non-custodial wallet - NFT PartnerS Award: sellable & transferable - Award: System mint NFT from the contract address when User receive NFT PartnerS Award (from admin awards) - Default image: Branding material															
7	BR 07	Ranking Rule	Accounts are ranked based on the total number of NFTs they own. - Accounts with a higher number of owned NFTs are ranked higher than those with fewer NFTs. - The account owning the most NFTs in the system is assigned Rank #1. - Subsequent ranks are assigned in descending order based on NFT count. - The lowest rank is assigned to the account with the fewest NFTs, relative to the total number of accounts in the system. - If multiple accounts have the same number of NFTs, they share the same ranking logic according to system-defined tie-breaking rules (if applicable).
